# BRIGGS & STRATTON

Briggs & Stratton is the world's largest producer of air-cooled petrol engines for outdoor power equipment. We design, manufacture, market and service these products for original equipment manufacturers (OEMs) worldwide.

As a global leader within the industry Briggs & Stratton has developed a comprehensive range that provides an excellent aftercare solution to help maintain petrol powered equipment in perfect working order. Made to the highest standards all parts and products are specifically developed to help deliver and maintain quality and performance.

The products have been packaged in eye catching design and are supported by new effective in-store retail POS material.

Whatever consumers need to keep their outdoor power equipment petrol engines running smoothly, we have the perfect solution.

# OILS & LUBRICANTS

Briggs & Stratton's range of oil products gives the user everything they need to lubricate their outdoor power equipment petrol engines. The range includes high quality mineral oils for 4-stroke-engine lubrication as well as a fully synthetic 2-stroke oil for use in heavily loaded 2-stroke engines.

Scan here for more information on 4-stroke and 4-stroke winter oil.

Scan here for more information on 2-stroke synthetic oil.

## 4-Stroke Engine Oil SAE30 API - SJ/CD

Specially formulated for use in 4-stroke engines in normal conditions.

**100004E**  
4-stroke oil 0,5L

x20

**100006E**  
4-stroke oil 1,4L

x9

**100005E**  
4-stroke oil 0,6L

x20

**100008E**  
4-stroke oil 2,0L

x9

**100007E**  
4-stroke oil 1,0L

x12

**100009E**  
4-stroke oil 5,0L

x4

4-stroke engine oil is also available in 25L (100046E), 60L (100047E) and 200L (100048E).

## 4-Stroke Engine Winter Oil 5W30 API - SN/CF

Specially formulated for use in 4-stroke engines used in low temperatures down to -30°C.

**100007W**  
4-stroke winter oil 1,0L

x12

## 2-Stroke Engine Oil Jaso FD API - TC+

Fully synthetic oil for use in all 2-stroke engines.

**992413**  
2-stroke synthetic oil 100ml

x30

**992414**  
2-stroke synthetic oil 1,0L

x12

**992413**  
Arrives shipped in this

# FUEL FIT®

Briggs & Stratton Fuel Fit® additive is for use in all 4-stroke and 2-stroke engines. Modern fuels attract moisture that can corrode engines. Fuel Fit® works to prevent this and provides an internal coating to protect engine parts. It contains detergents to avoid the build up of dirt, promoting durable, efficient performance and stabilises fuel for up to 3 years to ensure easy starting. Available in 100ml and 250ml sizes for dosing varying fuel quantities, with an instore CDU for easy impactful merchandising.

Scan here for more information on the benefits of Fuel Fit®.

# CLEANING PRODUCTS

The new Briggs & Stratton UltraCare™ range of cleaning products is designed to make the maintenance of garden and outdoor power equipment easier. Targeted towards both professional and non-professional users, the new products help to clean and protect the owners' valuable equipment.

The fresh and informative UltraCare™ packaging combined with the attractive counter display unit\*, offers a strong presentation at the point of sale.

UltraCare™ Bio Cleaning Spray for all garden equipment is a strong detergent with a high cleaning capability for a wide range of applications. Perfect for cleaning mower decks and engines.

UltraCare™ Dirt Protector complements Bio Cleaning Spray and is suitable for all garden equipment. It keeps metal, painted surfaces and plastics clean and protects against rust.

UltraCare™ Carburettor Cleaner and Heavy Duty Degreaser have been developed for specialist cleaning jobs.

UltraCare™ Hand Cleaner is a powerful cleaner for skin-friendly removal of heavy duty industrial soiling.

UltraCare™ Microfibre Cloths come in a pack of 3 and are suitable for Scrubbing, Cleaning and Polishing.

# ENGINE CARE KITS

Briggs & Stratton has created the engine care range to provide a simple and effective way for consumers to purchase everything required to service their Briggs & Stratton engine.

Each kit provides all of the necessary parts and oil to complete a standard engine service. Boxed in the new style packaging, each kit is clearly colour coded to improve correct product selection.

A start care kit has also been specially created to provide everything required for the initial run-in period of all engines with 0.6L oil capacity.

Scan here for more information on the Start Care Kit.
